

GOLF CLUBHOUSE

A Space for Community

Located adjacent to the Tommy Hale Short Game Facility, the Golf Clubhouse at Hardin-Simmons University will be a state-of-the-art facility focused on the development of the Cowboys and Cowgirls golf teams. With facilities designed to improve the long and short game of the players, the Clubhouse will also provide a space for off-the-course learning.

HSU athletes balance success on the field with success in the classroom. In addition to the features that will enhance the golfing experience, the new Clubhouse will provide a community space with study areas and meeting spaces for both students and coaches.

HARDIN-SIMMONS
UNIVERSITY

THRIVING ON *and OFF* the GOLF COURSE

This new facility will provide an opportunity to enhance skills, build community, and allow HSU Golf to continue to provide its best for current and future student athletes.

As is the case with all HSU Athletics, the field of competition is a place where students find growth. The new Clubhouse will act as an extension of the golf program, providing a space for achieving excellence, both on the course and in the classroom.

FEATURES OF NEW CLUBHOUSE INCLUDE:

- CLUB REPAIR SHOP
- COACHES OFFICES
- CONFERENCE ROOM
- GOLF SIMULATORS
- INDOOR HITTING BAYS
- MEN'S AND WOMEN'S LOCKER ROOMS
- SWING TRACKING TECHNOLOGY
