

HARDIN-SIMMONS UNIVERSITY

2024 Summary of Benefits

Effective Date of Benefits –

Benefits for new employees at Hardin-Simmons University are effective the “**first of the following month**” after date of hire except some employer paid benefits which will start on date of hire. Specifically, optional benefits such as medical, dental, vision, voluntary life, etc., will be effective the first of the following month.

Retirement contributions begin the “first of the following month” after date of hire. Eligible employees will receive a dollar-for-dollar match on personal contributions (up to 3.0% maximum for 2024). If a retirement provider is not selected, HR will enroll the employee in Guidestone as a default enrollment, however employees may change their retirement provider at any time by contacting HR. Employees are encouraged to meet with their retirement provider at least once a year to review their statement and investment of funds. HSU is not responsible for employee’s investment selections.

Employer paid benefits such as Term Life Insurance (HSU Paid), Short-Term Disability (HSU Paid), and Long-Term Disability (HSU Paid) will begin on date of hire.

New employees must make decisions about benefits during the first 30 days of their employment. After the initial 30-day period no changes can be made outside of Annual Open Enrollment for *most* benefits, excluding retirement and post-tax benefits, unless there is a QLE (Qualifying Life Event).

Qualifying Life Event Changes (QLE’s) - The only changes that can be made outside of open enrollment are those involving a “Qualifying Life Event”. Eligible QLE’s include marriage, divorce, birth or adoption of a child, and death of an employee or dependent. Additionally, if a dependent reaches the maximum age for coverage (age 26) that would also be an eligible QLE. A change in job status which involves losing or gaining coverage can also be an eligible QLE.

HR must be contacted within 30 days of the date of the QLE. Employees are responsible for contacting HR and providing the appropriate documentation within 30 days, otherwise the requested change must wait until Open Enrollment.
